Stolt correction stolt.pdf

Maya-

I'm not quite sure what happened with our labels, they should not all have the same DOT descriptions. Please refer to the approval #s on the labels to ID the material inside the drums. Please see attachment as well.

Please let me know if there's any more problems with these 4 drums. Sorry for the confusion, thanks for all the info you provided us with to help solve this problem.

Best Regards-

Morgan McCarley CSR/Inside sales CES Environmental, Inc.
